

CABLE CHANNEL

A. Technical description

A.1. The modular cable channel is made of 0.9mm thick steel plate.

A.2. It is painted with electrostatic powder paint.

A.3. It is fixed under the desk surface. It has special plastic supports which act as hinges when opening and closing the channel.

A.4. It also has openings on the two sides as well as on the longitudinal bottom side in order to facilitate the passage of cables. Also on the channel there are pre-installed special plastic clips for holding the cables.

Package 1 piece 1400X140X65H mm

Weight 3 κιλά

Volume 0,013 m³
